2024-1-CZ01-KA220-ADU-000244321

International project meeting - Conclusions

Ferreira de Zêzere, Portugal, 8. – 9. 7. 2026

WP2: Number of seniors in choruses: CR 12, SP 13, PO 20

Number of songs in the Songbook: PO 14, CR 13, SP 11, Slovakia 10

Number of videos from rehearsals: CR 7, PT 2, SP 11

Conclusion: **add videos from rehearsals. Min. 12 each partner country.** Always a song of another partner country.

WP3: A songbook is available in both printed and electronic form. More Songbooks will be printed with money intended for partners for the printing of workbooks and for the purchase of software for translation and subtitling. In agreement with the partners, the funds will be transferred to the Czech partner, with the reprinting of the songbooks taking place in the Czech Republic.

Blended mobility was very successful, including the final concert.

WP3 will be extended by 2 months, till 28.2.2027 because of finishing Songbook printing and enlarging videos from rehearsals.

WP4: The courses are ready; all the materials are on the hesseb.osu.cz platform. Piloting is underway. Due to the January storm Kristin in Portugal, the lectures did not take place and will have to be implemented. This is the reason for the **extension of the WP4 deadline by two months, i.e. until 28.2.2027.**

All propositions to the pilot, mainly what activities have to be done, are in the platform, in particular courses.
