

Differences between non ISEV and ISEV Course

	Non ISEV	ISEV
1. Participations of seniors	Not participate	Participate
2. Participations of students	Not participate	Participate
3. Social Inclusion	Non ISEV Course has a low percentage of social inclusion	Social Inclusion is higher due to intergenerational component of ISEV Course. Social Inclusion is also present on the use of new technologies in order to decrease the distance in youth and seniors related with SMART technology
4. Requirements on staff	Staff has just to learn how work with seniors with specific rules about adult education	More requirements are needed to ISEV course in order to use ISEV Methodology
5. Using Smart technology	Technology is used just for researches on classroom	Seniors have to use SMART technology as a crucial way to make all course and have good results.
6. Financing	Tuition fee (low payment)	Erasmus+
