

Differences between non ISEV and ISEV course with Fondazione Mondo Digitale:

1. Preparation of course

a. NON ISEV course has no online Virtual Classroom, so no specific material and training is provided on this.

b. ISEV course will include an online Virtual Classroom, with specific material and training for lecturer.

2. Requirements on staff

a. Requirements on staff are more demanding in ISEV course. Staff has to be trained in using virtual classroom.

b. Teachers have to be familiarize with ISEV methodology in its four pillars, have to be experienced teacher in social inclusion, able to involve seniors and to establish intergeneration dialogue.

3. Staff, organisational/administrative, and technical provisions of the course

a. NON ISEV course has no online Virtual Classroom, no specific technical.

b. ISEV course has an online Virtual Classroom with a need of technical and administrator support to use and implement the online Virtual Classroom.

4. Financial matters of the course

a. NON ISEV course is funded depending on the partnership. It may be by public funds (Rome municipality, ect.) or private funds.

b. ISEV course in funding through Erasmus+ program (ISEV project).

5. Course implementation

A and b. Both the NON ISEV course and the ISEV have similar course implementation

6. Course evaluation

a. NON ISEV course. Only the seniors involved in the course evaluate it with a questionnaire.

b. ISEV course. Both the seniors and lectures involved in the course evaluate it with a questionnaire.
