

ISEV AT OU

PRACTICAL PART OF THE PROJECT

Zdenka Telnarova
University of Ostrava, guarantor VIRT U3A,
ISEV project coordinator

PREPARATION FOR PILOT

- One semester course **Memory on 20th century**. Course was based on lectures.
- **Topics:**
 - Architecture and urbanism
 - Industry
 - Transportation
 - Postmodernism
 - Introduction to Oral History
 - Genealogy
 - Education
 - Common Life
 - Changes of Country, Land
- **106 seniors have involved**

PILOT

5 seminars based on team work and active approach of seniors

- Changes of Architecture and Urbanism during 20th century (25 seniors involved, representative is Zdenka Pavlíčková).
- Genealogy, digital archive (24 seniors involved, representative is Mirka Juřinová).
- Changes of Country and Land during 20th century (24 seniors involved, representative is Petr Knapek).
- Organic Farms (20 seniors involved, representative is Dagmar Bílková).
- Postmodernism (13 seniors involved, representative is Hana Ďurovcová).

SEMINARS

- ◉ There were several groups (teams) in each seminar.
- ◉ Altogether 106 seniors have involved in 5 seminars.
- ◉ Each seminar will be presented by one senior - representative of the group later.
- ◉ All seminars have followed 4 project pillars.

PROJECT PILLARS

◉ Using ICT

- Teaching, learning and communication were based on virtual classroom (as well as face-to-face lessons).
- Seniors have created all their outputs (like posters, presentations, texts, photo books, videos, etc.) using ICT.

PROJECT PILLARS

- Inclusive learning stand on
 - creation of the teams,
 - face-to-face communication as well as through virtual classroom,
 - continual team work,
 - learning without barriers.

PROJECT PILLARS

⦿ Engagement of the youth

- Students have prepared some on-line courses in virtual classroom (for example <https://isev.osu.cz/course/view.php?id=28>).
- Students have helped seniors with finalizing of their outputs.
- Student have helped seniors with PC work.
- We plan realize dialogs between students and seniors about their memories on 20th century. Concrete topics: common life and culture.

PROJECT PILLARS

○ Active approach of seniors:

- Seniors were active in choosing topics for seminars and defining problems.
- Seniors designed their own solution of the problems.
- Seniors were active in creating teams and working in that teams.
- Seniors created different kind of outputs.
- Seniors presented their outputs on national seminar 3.9.2019.

RESULTS FROM THE SEMINARS

- ◉ Brochures of texts (here we have one in English - Postmodernism, one in Czech - Changes of land and nature).
- ◉ PowerPoint presentations. Seniors will present some of them on this meeting.
- ◉ Posters (here we have - Postmodernism and Architecture).
- ◉ Photo books (here we have three -
- ◉ Videos (for example time lapse document about growing of wild garlic).
- ◉ Genealogy trees (here we have Family Tree of one senior as an example).
- ◉ Many documents in digital form for the next use (web pages, on-line courses in moodle, etc.).

OUR PLANS FOR THE FUTURE (AUTUMN, WINTER 2019)

- ◉ We plan on-line pilot after this blended mobility which will include creating of 5 courses.
- ◉ Courses will be created by seniors with help of university students.
- ◉ Courses will be based on all materials collecting and creating during pilot and knowledge obtained in this blended mobility.
- ◉ These courses will be accessible for the public.
- ◉ We also plan preparation of the exhibition in the City Museum in Ostrava.

SELECTION OF THE SENIORS FOR BLENDED MOBILITY

- ◉ Each seminar - one representative
 - ◉ The most active
 - ◉ Able and willing to travel
 - ◉ Able to follow in on-line pilot
-
- ◉ When more than one were selected - at random

Thank you for your attention

Now seniors will present individual seminars
