Platform

- Moodle system

- New instance at University of Ostrava

- Design and administration is on UO

- Developing courses is on all partners

http://isev.osu.cz

Two types of courses (preparation, pilot)

- Preparation
  - All activities before common Methodology will be developed and approved.
  - Now each partner has one empty course. It is possible to ask for more courses.
  - Aim is to prepare seniors for future work – pilot course. For example:
    - Lectures that the pilot will follow-up to
    - ICT courses
    - Courses for future teachers
    - Courses how to work with Platform in Moodle for teachers
    - Courses how to work with Platform in Moodle for seniors

Two types of courses (preparation, pilot)

- Pilot
  - Each partner has to develop at least one semestral course
  - Course will be created according to common Methodology and will follow four pillars:
    - Active approach of seniors
    - Social inclusion of seniors
    - Integration of youth into courses in deferent roles
    - Using ICT within courses
  - The theme is up to you
  - Min. 50 seniors from each partner institution will sucssefully pass the course
