

# Piloting courses

ZDENKA TELNAROVA

# Five courses according to the Methodology

- How nature has changed during 20 century.
- How architecture and urbanism have changed during 2 century.
- Modern style and post modern style in 20 century.
- How farm has changed during 20 century.
- Genealogy and family tree.
  
- All these courses are based on seniors' memory.
- All follow ISEV goals.

# Main prerequisites

- Skilled teachers (how to teach with virtual classroom). We have trained all teachers who will lead courses
- Skilled seniors (how to study in virtual classroom). We have trained 104 seniors.
- Skilled students (how communicate with seniors, how to help them). We have 12 students for preparing courses, 4 students for IT assistants, we have not students for inter generation dialogue yet.
- Prepared platform and virtual classroom with courses. We have all courses prepared in Moodle.
- Prepared classes with PC and Internet. All classrooms are arranged.
- Motivation and clear goals!

# Methodological list

- Example on **Creation of Family Genealogy at home using eArchives course**
- **On our web site**

# Platform – OU courses
